Thanks Gary. I received your phone message as well. The link for the QAP should take you to the same file that I provided you. It is a massive file. I will check that link in the document. Maybe it is just an internal link, but I thought it was a public link.

I will get a hold of Jason about next week. I think he is out of the office today.

Thanks.

Gary,

I have attached the work plan/HASP below. I provided you an electronic copy of the QAP last week.

Please let me know if you want any changes to this work plan. Once the plan is approved, we can schedule our staff to collect the data.

Thanks.

Kent Becher
